He may see it if he happens to look at the Drupal Dashboard.

Plus I just gave access to Bonnie Barkett in R9 – she will get a notice about getting access, and she won't know why. I need to call her. And of course even if she has access, we all need to be on the same page first!!!!

Still haven't heard back from Melissa.

Tim should see this so he's not spending time on the other page.

Still working on it, but here is what I have so far:

<https://wcms.epa.gov/goldkingmine>

You will need to log in to Drupal first at <https://wcms.epa.gov/user> , type in your LAN ID and password, then go to the page above.

If you can't log in, please send me your LAN ID and I can get OEI to fix it.

Definitely get with Melissa. Region 9 was going to put up their own webpage. They don't want people going to OSC.org. We need 1 webpage for the entire response.
